Seattle, WA 98174  
(206) 217-6800

For more information on the Coast Guard visit the Internet at <http://www.uscg.mil>. For recruiting information call 1-877-NOW-USCG.

**Established:** In October 1990, Naval Engineering Support Unit (NESU) was commissioned, replacing the Ship Repair Detachment Seattle.

**What do we do:** NESU Seattle's primary mission is to provide engineering and logistics support for CGC POLAR STAR (WAGB 10), CGC POLAR SEA (WAGB 11), CGC HEALY (WAGB 20), CGC MELLON (WHEC 717) and CGC MIDGETT (WHEC 726).

In addition, NESU Seattle supports other Pacific Area ships as necessary. During inport periods, NESU performs preventative maintenance, repair casualties and execute special projects and other maintenance requests for our primary customers. NESU performs Port Engineer Services for all cutters undergoing contract availability in Washington and Alaska. The NESU reports to the Maintenance & Logistics Command Pacific and is a tenant command of Integrated Support Command (ISC) Seattle.

Our mission is to ensure Pacific Area cutters and boats meet their operational requirements by providing quality maintenance, repair and logistics support for Naval Engineering Systems.

**Accomplished Operations:** NESU Seattle services more than 30 cutters, located in Washington, Oregon and Alaska.
